**Dr. Mintie's Nephritis.**  
Dr. MINTIE'S Nephritis works wonders. In all cases of Dropsey, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephritis. Female Weakness, Gout, Diabetes, pain in the back side and joint are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephritis and English Dandelion Pills:

"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephritis, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.

C H Woodward & Co., Druggists, corner First and Alder street, Portland.

Messrs. Abrams & Carroll, wholesale Druggists, Nos. 3 and 5 Front street, San Francisco, say:

"We regard Nephritis as the best Kidney and Bladder Remedy before the public."

All Druggists keep these medicines.

For all derangements of the Liver,

Use Dr. Mintie's English Dandelion Pills.

For Biliousness and Dyspepsia,

Use Dr. Mintie's English Dandelion Pills.

For Fever and Ague,

Use Dr. Mintie's English Dandelion Pills.

Every family should keep the English Dandelion Pills on hand.

Dr. Mintie's Remedies will not "cure all Complaints," but will, if taken according to directions, give immediate relief and perfect sure in all troubles for which they are recommended.

### THE ENEMIES OF ORDER.

People all over the Pacific coast, if not all over the Union, are falling into a growing contempt for the law and the courts. The writer was in Sacramento last week and saw a man knock his divorced wife down and shoot her with a revolver. Men there expressed themselves as perfectly willing and ready to take him out and hang him without further ceremony. They say that no one can tell how many murders of different shades of flagrancy have been committed since a man was hanged, and many feel that it is impossible to get a case through the different gauntlets each one has to run, and secure final justice to criminals. Bets are taken freely that Troy Dye and Anderson will not swing. It will not surprise us in the least to hear at any time of Judge Lynch being consulted in Sacramento, if there are any more men killed there. The chances are that in the present condition of public sentiment there, some honest man who kills another in self-defence will be strung up before he has a chance to clear himself. The courts are to blame for such a state of affairs. The judges entertain all sorts of objections and quibbles that crafty and shrewd lawyers can raise, and the only thing needed is plenty of money to hire brains enough to pick up all the points to save the most deserving neck from the noose.

### A PROBLEM.

The *Enterprise* and *Chronicle* are debating the subject of universal suffrage. The *Enterprise* is in favor of an educational qualification, and the *Chronicle* makes the counter point that "whole nations of ignoramuses have fought and died for liberty."

Very true, but the *Enterprise* might say that if the French people had not been so ignorant their love of liberty would not have degenerated into a murderous frenzy when they gained it.

But education does not always go with intelligence, and if the amount of learning crammed down a man is to be the basis of citizenship, then many good, property owning, but illiterate citizens would be disfranchised.

Often times a hood carrier makes a better citizen than a millionaire, and it sometimes transpires that an uneducated farmer is worth more to his country than a dozen college graduates.

The *Enterprise* probably means that all the ignorant non-property owners, ought to be disfranchised. Such a retinue, however, is impractical.

### EXTRAVAGANT RANCHERS.

The farmer is too apt to look upon his land as a vast, inexhaustible reservoir of wealth, and to pay no attention to what goes in and what comes off. He feels like getting every cent he can off it with the least possible amount of labor, regardless of the condition in which he leaves his land. There is no chance in nature. She keeps an exact account of every ounce of nitrogen and phosphoric acid and magnesium taken from her storehouse and deducts it from the value of the land. The man who takes off a crop without putting something in place is just that much poorer. He has drawn upon his resources to just that amount. He must haul in manure or plow in a green crop often to keep up his land.

### EDITORIAL NOTES.

Sam Davis, for a long time connected with the Virginia *Chronicle*, has resigned the editorial Faber with the intention of running for chief of police of Virginia City on the Democratic ticket. Sam's experience as a newspaper reporter will stand him good stead should he be elected, and his muscular build and undoubted courage are other points in his favor. If Sam makes as good a chief of police as he is a journalist, the people of Virginia had better elect him. We wish him success in spite of the Democratic leaven in his politics.

We see by other papers that Matt Halpin, of the *Stage*, is a candidate for city tax collector of Virginia City. The subscription list of the *Stage* has increased so rapidly of late that its proprietors haven't had a spare copy to send to the *Gazette*. Whyfore, Plant!

De La Maty, the reverend demagogue from Indiana, seems to be as

malicious as he is foolish. Yesterday he said those who talked about "revolution" were either cowards or cormorants. It makes one laugh with pity for this Heosier, Merry Andrew, who has lived all his life by passing the hat in church when he calls such a man as Garfield a "coward or cormorant!" Green—ugh!

We esteem Gen Grant highly, yet it doesn't make us look any more kindly on his nomination; to see every old whiskey ringster, every scoundrel, every convicted thief, and every dishonest carpet bagger hurrahing for him. The character of his following makes us distrust his rule.

### LATEST NEWS.

The main feature of the senate proceedings yesterday was Conkling's speech on the army appropriation bill.

In Chicago yesterday, Mark Gray, the would-be assassin of Edwin Booth, was held to answer in \$20,000 bail.

The Parliament of British Columbia has adopted a resolution, which has been cable to London, asking permission of the home government to allow the province to secede from the Canadian Union on May 1.

The invading Albanians have finally been driven out of Servia. They left 200 dead behind them.

Silvers is quoted in London at 49

15-16 pence per ounce.

Weston is hopelessly behind in the international pedestrian match now progressing in London.

### Fatal Accident.

A fatal accident occurred at one of D. McRae's wood camps, in the mountains back of Reno, about 4 o'clock yesterday afternoon. It appears that the workmen were engaged in rolling logs down the hillside, and that a young man named Alex. McGregor was caught and run over by one of the pine monsters. Fellow workmen went to the unfortunate man's assistance at once, but it was of no avail, for he had received fatal injuries and expired in a very few minutes after the sad occurrence. On examination it was found that some bones in the back were broken, but strange to say not the least bruise on the body. Deceased was brought to Carson by McRae, and the funeral set for 4 o'clock this afternoon from the Arlington house. Mr. McRae says that McGregor had worked for him three years, and that a more sober or steady man had never been in his employ.—Carson Tribune.

### An Enterprising Miner.

Norman Gilbert, of Central, is an enterprising miner. He has a one-stamp mill and an amalgamating pan, which he runs by hand; also a reverberatory furnace, in which he roasts his ore before running it through the pan. He works steadily and produces from \$60 to \$100 worth of bullion weekly. The ore which he works is from the Locomotive mine in Central district.—Silver State.

In Chicago Wednesday night, at McVicker's theatre, while Edwin Booth was giving the soliloquy in the last act of "Richard II," two pistol shots were fired at him by a man in the gallery. The would-be assassin was arrested. A lunatic, perhaps.

There are more new buildings being erected in Winnemucca at the present time than at any time since the railroad was built, but it is doubtful if money was ever scarcer or harder to get than at present.—Silver State.

### Sheriff's Sale.

BY VIRTUE OF AN EXECUTION issued out of the District Court of the Second Judicial District, State of Nevada, held at the city of Carson, on the 17th day of April, 1879, and directed and delivered, for judgment rendered in said court on the 17th day of April, 1879, in favor of J. S. gold coin, or its equivalent, to the highest and best bidder.

#### JOTTINGS.

The sun was moisture provoking to-day.

Dusty and disagreeable this afternoon.

The idle merchant tailors complainingly of dull times.

Several cars of railroad iron went west this morning.

Several teams are loading freight for the northern country to-day.

In another week the buildings on the west side of Virginia street will all be ready for occupancy.

The frost Sunday night killed the blossoms on the strawberry plants, but they are again in bloom.

The front of A. H. Manning's building has been completed, and is a decided improvement to Commercial Row.

The floor is being laid on the cellar walls of Steele Brothers and Becker's new building on Commercial row.

A meeting of the stockholders of the Highland Ditch and Water Co. is called for Monday, May 5th at 7:30 P.M.

The workmen are putting the roof on L. Wintermantel's building. When completed it will be much handsomer than it was before the fire.

Marriages licenses have been issued by the county clerk as follows: On the 19th to Bernard Newhaus and Francesca Morel, and on the 23d to Charley Gilchrist and Mary Fustone.

#### District Court Proceedings.

The case of A. H. Manning, administrator of the estate of Isabella Woodworth, deceased vs. Lewis F. Dean and D. C. Martin. Came up before the district court this morning. A jury was impaneled, and the case has been going on all day. The arguments were concluded and the case given to the jury this afternoon. A verdict will probably be handed in this evening sometime.

The case of William Hoffman vs. Anton Rager and wife is set for trial at 7:30 this evening.

#### Combination.

Reno's druggists and jewelers are heavy on combinations. There are three of each, and they occupy stores together. Osburn & Shoemaker and I. Fredrick, Pinniger & Queen and William Goegel, and new Johnny Meyers and S. N. Davidson are going to make a "combination," as "Vich" would say. Jas. DeBell is the only watchmaker who is not in with a druggist.

#### Building Another Story.

Another story is being built under J. H. Kinkead's residence of artificial stone manufactured by I. T. Benham. The house has been raised up from the ground to admit of the construction.

#### Fine Work.

Sam Myers is making a bar counter for Charley Chase that is one of the finest and most elegant pieces of workmanship ever put up in this section. It is a perfect beauty, and will make a man think "but head" is pure Bourbon when drunk over it.

#### DEATH OF ADAM CLARK.

The Circumstances of His Wound—His Slayer in Jail.

The circumstances of the shooting of Adam Clark, whose death in Virginia was chronicled in yesterday's GAZETTE, are thus told by the Chronicle.

It appears that Brady, who was employed as a miner, entered the Justice works in a drunken condition, and was told by Clark that he could not go below. Some angry words were exchanged by the men, and Clark knocked Brady down with a lastaer. Brady then left the works, swearing vengeance on Clark. Returning soon afterwards with a pistol he fired at Clark, with the effect as stated above. Clark then ran toward the door of the works and met William Elliott, who expostulated with him. Brady pointed the pistol to Elliott's head and fired. Elliott knocked the pistol up and the ball entered the roof. Clark then left the works and was arrested the following morning.

#### A CHARGE OF MURDER.

Brady is now in jail, having been surrendered by his bondsmen, as stated in the Chronicle of yesterday. The death of Clark makes the charge against Brady that of murder, the old law being that if a wounded person die within a year and a day from the time of receiving the wound, from any cause arising from the same, the person inflicting it is subject to trial for murder.

Last week Mr. Clark came down to Reno to see some relatives, and returned to Virginia last Tuesday. Almost immediately after his return he was taken with the lockjaw, and remained with his teeth clenched until the time of his death yesterday morning.

#### PERSONAL.

Merrill of Verdi, is in town. S. L. Heintzelman, of Winnemucca, is staying at the Lake House.

Mrs. M. C. Baily, wife of Captain Baily of the U. S. army, arrived from Camp Bidwell last evening.

L. T. Benham, the contractor and builder, went to San Francisco last night on business connected with his contracts.

Frank Clugage, the well-known stage man, arrived yesterday from Carson, and departed this morning for Susanville.

D. W. Phillips, the railroad telegraph operator, went up to Virginia this morning to attend the funeral of his brother-in-law, Adam Clark.

#### A Bad Looking Case.

On the 22d of last March, Mark Brown, a Virginia City butcher, bought some cattle from Mrs. Mary J. Howard, a widow lady residing in Steamboat valley. In payment he gave her a check on Lewis Glass & Co., bankers in San Francisco. The check was sent down to Glass & Co. to be cashed, but they returned it, saying they had no funds in their hands to Brown's credit. A warrant has been issued, charging Brown with the crime of cheating, and Charley Jones went to Virginia this morning to serve it. Brown is pretty well known here, having dealt with a number of men in the valley. Some think there is a mistake about the matter, while others believe it a deliberate attempt at swindling.

#### A Puff.

The dry goods store of Grey & Isaacs is one of the best appointed in the state. They have on hand a large and varied stock of spring goods of the latest pattern and style, and are in daily receipt of ladies' fancy goods from the East and San Francisco. Anything new is introduced into the fashionable world these gentlemen get it as soon as anybody. Aside from this, they are our own people, their interests are identified with Reno and its future, and are deserving of encouragement from our people.

#### Doing the Handsome Thing.

Mrs. S. M. Jamison keeps a select number of bordellores and presides over the table with grace and affability. She is in fact quite the reverse of the traditional ladylike. Yesterday the whirligig of time brought around her birthday. In honor of the event the gentlemen who have been enjoying the good cheer of her hospitable board, clubbed together and made her a present of a handsome jewel casket as a slight testimonial of the high regard in which they hold her.

#### Blown Up by a Blast.

Last night Dr. Bergman received a telegram calling him to Brown's to attend the C. E. Canfield, the brother of the operator at Rye Patch, who had been blown up in a blast. He left on the overnight express. Canfield's injuries are not of a serious nature, though he was badly burned about the face, and his hands were badly lacerated.

#### Lively Work.

The Odd Fellows give a reunion ball at their new hall this evening. Members of the order will appear in full regalia, and a pleasant time is anticipated. It will doubtless prove a very enjoyable affair, as the Odd Fellows' balls usually are.

#### BUSINESS NOTES.

Fresh groceries of all kinds at C. Buckley's.

Burchard & McClelland keep the famous Pusser's cigar.

C. Brookins has removed to his old stand, and has on hand a fine variety stock.

All the brick buildings on Commercial Row, above Virginia street, are to have canvas awnings.

Rees & Bauer to-day received another large invoice of furniture, carpets etc., from Sacramento.

Moess & Scott & Caldwell are to-day getting ready to ship a quantity of trees to the Sandwich Islands.

Scott & Klisser are fitting up their saloon on the corner of Commercial and Center streets. They will open the first of next week.

F. M. Payne has contracted to do the wood work on the new brick buildings being put up for J. J. Becker and Steele Brothers.

John Sunderland is daily receiving a choice variety of ladies' and children's gloves, and is selling them 20 per cent cheaper than ever offered before in Reno.

A Recess front of three feet is being put in Cookes' building, on the corner of Commercial and Virginia street. It will add to its appearance considerably.

Michels & Levy have opened out their new stock in Lachman's building, on Commercial Row. They are doing a wholesale and retail business in wines, liquors, tobacco and cigars.

Knust & Jones to-morrow commence unpacking goods in their new store. It is being fitting up in elegant style, and they will keep a full line of stationery, blank books, morocco goods, and hardware in endless variety.

Abrahams Bros. & Co. expect to get fixed up in the White House by the first of the week. Already a lot of their new stock has arrived, and to-morrow they will commence the work of unpacking. They say they will sell goods as cheap as ever.

M. Hoffman & Co. have leased one of the stores in the building new being put up on the corner of Commercial and Center streets, and will remove their stock of furnishing goods to that place. A large stock of goods will be put up in their store on Virginia street, and A. Raphael will conduct a merchant tailoring establishment.

To Be Buried To-morrow.

The funeral of Mr. McGinley will take place to-morrow (Saturday) evening at 2 o'clock from the family residence on Sierra street. His daughter, Mrs. R. H. Eggleston, of Eureka, has been telegraphed, and will be here. A dispatch has been sent to his son Robert, in San Francisco, and he will also be here. Mrs. McGinley at first concluded to withhold the funeral until Sunday; but it being found that the relatives would have time to reach here by Saturday, that day was set aside for the burial.

The Southern Country.

Dudley Haskell, who has just returned from Aurora, visited the GAZETTE office yesterday. He says Aurora is somewhat dull at present. Most of the work being done in the district is done on the Real Del Monte, though a number of private parties are prospecting claims. A rich strike has lately been made in the Centennial mine, owned by William Ball. There is quite an excitement in Aurora and Bodie about Lake district, situated about sixty miles southwest of Bodie, and many are leaving those places for the new mines.

Another Recruit for Hymen.

Charley Gilchrist has gone and done it, and done it so surprettly that. Wednesday night he got out a license, and skipped up to Carson yesterday morning. In the afternoon he and Miss Mary Fustone went to Virginia street, and departed last night to spend the honeymoon in California. Good bye, Charley, and good luck to you. Never mind the wine (though you did forget it), for the GAZETTE staff have all joined the Good Templars!

Chance for the Ladies.

Thos. O'Brien, of the Rosedale Nurseries at Sacramento, is now making his annual visit to Reno, and will have an auction sale of trees, plants, flowers and shrubs to-morrow afternoon at 1 o'clock. The sale will be held on Virginia street, in front of the building just vacated by Jacobs & Rosenbloom. Parties desirous of securing choice varieties should be on hand.

The Odd Fellows' Ball.

The Odd Fellows give a reunion ball at their new hall this evening. Members of the order will
